

We are **Duos Asinos**, a growing company founded and based in Belgrade. Our partner is a rapidly-expanding North American, innovative, worldwide renowned front-runner in its industry, with a large user base.

 Our team is growing, and we want **you to join us!**

Are you a **highly skilled PHP developer** interested in cool part-time freelance arrangements? We have an exciting opportunity for you to contribute to our client's app development and help improve existing features!

 We are looking for **PHP developers** to help our dedicated team on a **part-time basis**. In this role, you will collaborate with our client's development team and work on improving existing features of their app. You will be responsible for developing and maintaining web applications, ensuring their performance and contributing to the overall success of the app.

 What we are looking for:

- Proven experience as a **PHP developer**, with a strong portfolio of previous projects – ideally 5 plus years.
  - Proficient in **MySQL, HTML, CSS, and JavaScript**.
  - Experience with PHP frameworks (e.g., **Laravel, Symfony**) is highly desirable.
  - Excellent problem-solving skills and attention to detail;
  - Good time management skills;
  - **Ability to work independently and meet deadlines.**

 This is a **part-time position**, with a duration of **several weeks**, dedicated to improving existing features of our client's app. The schedule will be **flexible** to accommodate your availability and you will be able to work **fully remotely**. You attend few meetings here and there, get the job done on your own and get paid!

 If you're interested to hear more about our company and this project please feel free to apply. We would be happy to meet you and give all the necessary info about this role!

Only shortlisted candidates will be contacted.
